

Greensmaster® 3150-Q & 3250-D
Riding Greensmowers

TORO. Count on it.

Legendary performance and reliability.

The Greensmaster 3150-Q and 3250-D are distinguished for their field-proven performance and exceptional quality of cut. Equipped with patented DPA cutting units for a superior cut and minimal maintenance, convenient controls for easy operation, and ample power to handle any application—it's no wonder these classic models have been trusted over the years to deliver the performance golf courses demand with a putting surface that exceeds expectations.

Greensmaster 3150-Q

- Briggs & Stratton® 18 hp (13.4 kW) air-cooled, gasoline engine
- Industry's quietest engine powered riding greensmower

Greensmaster 3250-D

- Kubota® D902, 24.8 hp (18.5 kW) 3 cylinder, liquid-cooled, diesel engine
- Ample power for any greens or off-greens application; extremely versatile

The same exceptional cut.

Proven and patented DPA cutting unit technology.

Perfect alignment. Patented DPA cutting units are precision manufactured for perfect alignment to provide the highest quality of cut. Select between an 8, 11, or 14 blade reel to achieve your desired cut.

Highly efficient components. Reduce fuel consumption by 10% with all-new DPA cutting units designed with stainless steel bearings and low-drag seals. Highly efficient components reduce the amount of horsepower required to improve engine efficiency and maximize fuel economy.**

Maintenance ease. Simple click bedknife-to-reel adjustments are made in increments of .0007" (.018 mm) for precise adjustment and more accurate setting. No daily greasing required on DPA cutting units. Superior holding of height of cut adjustments.

The industry's most popular riding greensmower.

Trusted engine performance. An 18 hp (13.4 kW) Briggs & Stratton® gasoline engine is highly efficient with greater torque and low RPMs. This results in reduced engine noise and vibration to keep operators comfortable and increase engine life.

Advanced leak detection. A standard hydraulic fluid leak detector protects your greens from leaks.

Extremely quiet. Equipped with a special low noise muffler makes this the quietest, neighborhood-friendly, engine powered riding greensmower.

All-around utility and performance.

Built for versatility. A 28.4 hp (18.5 kW) Kubota® diesel engine has ample power for maximum performance in greens and off-greens applications, making the Greensmaster 3250-D a highly versatile, utility machine.

Legendary design

Superior stability. The low mounted engine and hydraulic components provide a low center of gravity for exceptional hillside stability. Also, this configuration improves service and maintenance accessibility.

Perfect tri-cycle design. The rear wheel is engineered to track within the radius of the front wheels to keep the operator safe on sharp turns near bunkers.

Easy operation. An intuitive and convenient control console simplifies operation and increases productivity.

**Make your Greensmaster
3150-Q and 3250-D models
even more productive with
Toro attachments and
accessories.**

A 18 or 24.8 hp (13.4 or 18.5 kW) Briggs & Stratton® gasoline engine has ample power for any greens or off-greens applications.

Rotating Rear Roller Brush

Cleans rear roller of grass buildup to prevent leaving clumps on your green.

Rollers, Scrapers, Bedknives

Toro offers a wide variety of accessories to customize the DPA cutting units to suit your needs and work the best in your conditions.

Greens Tri-Roller

Smooths and rolls the turf's surface for an improved ball roll.

Greens Spiker Kit

Relieves soil compaction and controls organic matter to maintain turf health.

Thatching Reel

Vertically cuts into turf to reduce thatch and control horizontal grain growth. Designed with tungsten, carbide tipped dynaBLADES, Toro's thatching reel is durable, uses less power, and removes more thatch for healthier greens.

Groomer

Groomers vertically cut into turf canopy to reduce thatch and stand grass blades for a crisp, clean cut. Select between a carbide tipped groomer blade, spring steel groomer blade, or a groomer brush.

LED Light Kit

Offers more visibility in low light conditions.

Greensmaster® 3150-Q & 3250-D Greensmowers

Engine Performance	Greensmaster 3150-Q, Model 04358	Greensmaster 3250-D, Model 04384
Engine & Maximum Rated Horsepower	Briggs & Stratton® Vanguard 18 hp (13.4 kW)	Kubota 24.8 hp (18.5 kW)
Engine Displacement	34.8 cu. in. (570 cc)	55 cu. in. (902 cc)
Fuel Tank Capacity	7 gal. (26.5 L)	6 gal. (22.7 L)
Mow Speed (Mowing in 1st Gear)	0-5 mph (0-8 km/h)	0-5 mph (0-8 km/h)
Transport Speed	0-8.8 mph (0-14.4 km/h)	0-8.8 mph (0-14.4 km/h)
Steering Type	Hydraulic Power	Hydraulic Power
Tires	18 x 10.5-8, 4-ply	19 x 10.5-8, 2-ply
Sound Level at Operator Ear	82 dBA	84 dBA
Overall Dimensions		
Height	74.5" (189 cm)	77.5" (197 cm)
Length	90.0" (229 cm)	93.9" (238 cm)
Width	69.7" (177 cm)	68.0" (173 cm)
Wheelbase	47" (119 cm)	48.6" (123 cm)
Weight	1,087 lb. (493 kg)	1,216 lb. (552 kg)
Cutting Specifications		
Individual Cutting Unit Width	21" (53.3 cm)	21" (53.3 cm)
Total Width of Cut	59" (150 cm)	59" (150 cm)
Reel Drive	Hydraulic Motor	Hydraulic Motor
Reel Speed	1975 rpm	1975 rpm
Number of Blades	14, 11, or 8	14, 11, or 8
Height of Cut Range	0.062"-0.297" (1.6 mm-7.5 mm)	0.062"-0.297" (1.6 mm-7.5 mm)
