

TORO.

Count on it.

Pro Force™

**It blows away everything...
including the competition.**

The most powerful way to clear debris with ease.

The Toro Pro Force Debris Blower delivers unmatched air power,* durability and ease of use, for fast removal of grass clippings, leaves, aeration cores, sand, gravel, trash, or other debris from sports, golf, municipal, educational, entertainment and large scale residential facilities.

*Independent tests show the Pro Force generates greater airflow volume than any other single nozzle turbine-type debris blower. Testing per the ANSI/AMCA 210-07 standard for Laboratory Methods of Testing Fans for Certified Aerodynamic Performance Rating.

The Pro Force™ debris blower

- 27 hp Kohler® Command Pro™ engine (Twin cylinder, Air-cooled and Electronically governed)
- Highly efficient turbine-type axial flow fan design
- Wireless remote control
- Single-piece, impact-resistant plastic nozzle
- Fully enclosed exhaust system
- Rugged steel trailer frame
- Heavy duty trailer and hitch accommodates different towing vehicles
- Two-year or 1,500-hour limited warranty

Unmatched Versatility.
Plus you can legally clear debris on public streets.

The new 'street legal' model includes:**

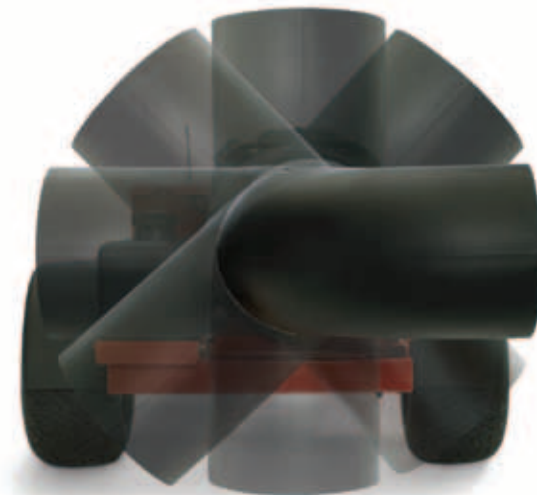

- D.O.T approved tires
- D.O.T. approved brake lights, taillights and license plate holder
- Torsion suspension axle
- Side reflectors
- 2" ball hitch receiver
- Manufacturer's Certificate of Origin
- Vehicle Identification Number (V.I.N.)

**Customer is responsible for licensing the product through their local Department of Motor Vehicles.

Wireless Remote Control Offers Incredible Functionality.

Using the remote control provides increased productivity because unlike the competition, the operator doesn't need to walk to the engine to start or stop the Pro Force. It's easy to reduce sound for bystanders, plus it's a great fuel conservation device.

Operators can also use the wireless remote control to rotate the nozzle a full 360 degrees in either direction, or adjust the engine throttle up or down to match air power to the job at hand.

Let The Force Be With You.

Now the power of the Pro Force can be applied from the cargo bed of a utility vehicle, either Toro Workman vehicles or competitive units. Achieve a more compact, maneuverable configuration for a variety of jobs.

Unmatched Air Power.

The Pro Force™ debris blower combines a 27 hp Kohler® Command Pro® electronically governed engine with a highly efficient turbine style fan design to produce unmatched air power.

Optional specialty nozzles provide a more concentrated air flow to attack various jobs more effectively.

Twice The Warranty.

Toro's two-year warranty backs up our commitment to innovative engineering and gives you extra peace of mind. We are so confident in the durability of the Pro Force that our warranty offers an additional year of protection compared to the leading competitors.

The Toro Pro Force™ debris blower

The Toro Pro Force™ meets the specifications of your messiest jobs. For more detailed information, visit www.toro.com.

Pro Force™ debris blower			
Engine Model	Kohler® Command Pro™	Weight	475 lbs
