Optional Accessories	
110-4693	CE Completion Kit

Notes:

- 1) Quantities indicated on this fit-up chart are required to properly configure the aerator for operation.
- 2) Each tine head model contains 2 tine blocks.
- 3) QuickChange tine heads are recommended for use with coring, cross or slicing tines.
- 4) K-Line Industries offers a QuickChange Tine Removal Tool that aids in the removal of tines from the sleeve. Tool #TOR6008. Order through K-Line.
